Dear Clients,

We just launched our brand new App for Crotts Lohrey & Associates, PLLC.

As a firm we are constantly looking for ways we can improve the service we offer and enhance our communication with clients. We are proud to announce the launch of our CLA App. It's completely free of charge and available for iPhones, iPads and Android devices.

The App is packed with professionally designed features such as the ability to store virtual receipts, financial calculators and the ability to log your mileage in real-time, all while having access to financial information, tax forms and pertinent CLA firm information.

We will be using the App to communicate with you. Although not required, we strongly suggest adopting this tool as part of our working relationship. For guidance or questions contact Jared at CLA.
